

34th SUMMER STROKE SCHOOL “HEALTHY LIFESTYLE AND PREVENTION OF STROKE AND OTHER BRAIN IMPAIRMENTS” - Dubrovnik, June, 3rd - 7th 2024.

AUTHORS:

VIDA DEMARIN

HRVOJE BUDINČEVIĆ

Our traditional 34th Summer Stroke School, “Healthy Lifestyle and Prevention of Stroke and Other Brain Impairments,” was held at the Inter-University Center in Dubrovnik. The Summer Stroke School, part of the academic program of Inter-University Centre Dubrovnik, was organized by the International Institute for Brain Health and Croatian Stroke Society and co-organized by the Department of Medical Sciences of the Croatian Academy of Sciences and Arts, Central and Eastern European Stroke Society. It was accredited with 4 ECTS credits by the Croatian Medical Chamber.

Prof. Vida Demarin, the founder and course director, successfully ran the school with the board of directors, Prof. Kurt Niederkorn, prof. Yoshikazu Yonei, prof. Marina Roje Bedeković, assist. Prof. Hrvoje Budincevic and dr. Gordian Hubert from Germany

The program of the school, which has a rich tradition of inspiring and knowledge-rich content, attracted participants from a diverse range of countries, including Croatia, Austria, Bosnia and Herze-

govina, Germany, Israel, North Macedonia, Slovenia and Albania. This international participation underscores the global impact of our event.

The main themes included lectures and discussions on the current management of stroke (stroke prevention, diagnostics, and treatment), migraine, multiple sclerosis, and synucleinopathies. We organized the cerebrovascular ultrasound hands-on workshops again during the first four days.

During this interesting program, participants were very satisfied with its content and the opportunity to discuss in a friendly atmosphere with lecturers and to try and practice ultrasound examination during a Cerebrovascular Ultrasound hands-on workshop with an individual approach.

We eagerly look forward to welcoming you next year in Dubrovnik from 2nd to 6th June 2025. Your presence is crucial to the success of our event, and we value your contribution to our academic community.
